☒ Examiner's Statement of Reasons for Allowance

Art Unit: 2817

### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Although the Tsukamoto reference teaches "an inner focus-ring is made of a material having an insulating property and an outer focus-ring is made of a material having conductive property" (col. 6, lines 43-47) with the inner focus-ring being 71 and the outer focus ring being 72, the Tsukamoto reference does not disclose nor suggest the outer focus ring 72 having an inwardly-protruding flange embedded in the inner focus ring 71 as recited in the independent claims. The Zhao et al. reference would at best teach embedding a flange of the outer focus ring in the susceptor 5 of the Tsukamoto reference because Zhao et al. shows the flange 28 embedded in the base 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Justin Bettendorf whose telephone number is (703) 308-2780 and FAX number is (703) 308-7724.
